

INSULIN AFFORDABILITY: LEARN. ACT. SHARE.

Insulin Affordability: Learn. Act. Share. is part of Lilly's commitment to raising awareness of our solutions and ensuring no one goes without the insulin they need.

Our goal is to encourage those who use Lilly insulin to:

LEARN → about our affordability options.

ACT → by visiting insulinaffordability.com or calling the Lilly Diabetes Solution Center.

SHARE → this important information with others who may benefit from our solutions.

Use Lilly insulin and need support? Raise your hand and contact us. We want to help.

WHAT IS THE LILLY DIABETES SOLUTION CENTER?

A helpline staffed by **real people**, offering **real solutions** to significantly reduce out-of-pocket costs for Lilly insulins. Our solutions help up to 20,000 people each month.

How Lilly Can Help You

COMMERCIAL INSURANCE OR ARE UNINSURED

\$35 per monthly prescription through the Lilly Insulin Value Program. People enroll in the program and receive a \$35 copay card in 2021.*

Information about how to access free insulin for those who qualify.

MEDICARE PART D

Medicare Part D members enrolled in participating insurance plans can access Lilly insulin for \$35 per monthly prescription through the Medicare Part D Senior Savings Model. It's important that seniors enroll in a participating Medicare Part D plan during open enrollment in 2021 to ensure they are eligible for this benefit.

We can guide you to resources that can help you select a participating Medicare Part D plan during open enrollment. (October 15 – December 7, 2021)
